MEMORANDUM FOR: Executive Director-Comptroller

Colonel White:

Herewith a few items which you should know about and which I can amplify by phone or face to face if necessary.

a. [] is on extended sick leave and plans to apply for disability retirement.

b. Action on the [] POV problem is underway as indicated in the attached messages. We believe you would be particularly interested in paragraph 1 of []

c. O/L, O/F, and FE representatives are meeting today with [] on the [] problem this being the first time [] could set up. By telephone he had indicated his belief that enough floor space was included in the basic building to permit accommodating expanded Agency personnel complement assuming that a total of 7,000 square feet is our number. In his absence his people had indicated quite the contrary. We will have to see as the conversations take place but [] apparently does not in any case favor trying to change the basic [] structure at this point.

d. As indicated in the attached PSD memorandum to [] a new and much larger printing load has been laid on us by Mr. []. We understand that [] contacted the Director some time last weekend and that [] has again discussed the impact with the Director after receiving [] memorandum.

25X1

[] and his people are setting up in the O/C Conference Room Friday morning and on the mornings of next week a prototype of the remote computer controlled receiver system which has been in development for a couple of years. [] suggests that if convenient you come down with me and Tom Karamessines after the Friday Morning Meeting. Should this not be possible for you [] would like to show this operating system controlling receiver at [] in [] to you at your convenience some morning next week. It is of course also being shown to many other people in the Agency during the days it will be available here. I hope that you can make time available to see it.
